Re: Request for a Criminal Investigation Based on Evidence of Foreign
Interference with the 2016 American Presidential Election

Dear Mr. Demers:

Please find enclosed a request for a criminal investigation into the affairs of the Australian Labor Party, Bernie 2016, and others. This request stems from a finding by the Federal Election Commission that these parties violated federal election law as well as video evidence produced by my client, Project Veritas Action Fund.

We remain available to supplement this request or to provide responsive information as may be needed. We thank you for your prompt attention to this matter.

Sincerely,

Benjamin Barr
